

TOMAS APARICIO

Systems Engineering Student

Córdoba, Argentina | tomasmgoyenecheap@gmail.com | +54 351 3789114 | [LinkedIn](#) | [GitHub](#)

SUMMARY

I am an advanced Systems Engineering student. My academic background helps me adapt quickly to new technologies, work environments, and challenges. I enjoy solving problems, improving systems, and learning new things. Through personal projects, I've been exploring different areas of software development to expand my knowledge and build practical skills. I am currently looking for job opportunities where I can continue learning and growing as a professional.

TOOLSET

PROGRAMMING LANGUAGES

JavaScript

Java

C#

DATABASES

PostgreSQL

SQLite
